The product is intended for its normal use , in offices and similar environments.

Useful information on castors choice:

Nylon self-breaking castors: suitable for normal floors and carpets; equipped with a self-breaking device that ensures higher safety.

Self-breaking rubber castors: Suitable for delicate floors (eg parquet). Equipped with a soft tread to ensure greater resistance on the floor and a self-braking device for higher safety.

Product maintenance:

Check periodically (at least every month) that all the screws are firmly fixed.

Periodically lubricate (at least every 6 months) the mechanical parts subject to movement, in particular gas lifts, which can be only replaced by qualified personnel in case of breaking or malfunction .

Periodically clean the castors according to the environmental conditions(at least every 3 months).

Any upholstered part covered with fabric shall be cleaned with a brush or vacuum cleaner, any upholstered part in natural or artificial leather shall be cleaned with a clean, damp and soft cloth; for difficult stains use specific delicate detergents following the specific product instructions ; all other parts (plastic, metal, wood) must be cleaned with a damp cloth. Do not use alcohol-based products, bleach, solvents or abrasive products (it is advisable to try first on a non-visible part).

For any problem ask for the assistance of qualified personnel.
